PROFILE

Associate Software Engineer with experience in full-stack development, specializing in .NET Core, React, and Azure Services. Proven track record of delivering scalable solutions at Innovation Quotient Pvt Ltd. Passionate about software architecture, including Clean Architecture principles, and currently researching multimodal AI systems for communication coaching.

PROFESSIONAL EXPERIENCE

INNOVATION QUOTIENT PVT LTD | Colombo, Sri Lanka

Dec 2025 – Present

Associate Software Engineer

- Engineered scalable, maintainable, and testable solutions using modern technologies, guided by sound architectural principles and clean coding practices.
- Worked with cloud platforms including Azure, AWS, and Orel Cloud to deploy, monitor, and optimize enterprise applications.
- Collaborated cross-functionally with team members to analyze requirements, translate business needs into technical specifications, and deliver robust enterprise-grade systems.
- Contributed to system design discussions, ensuring performance, scalability, and long-term sustainability of applications.
- Participated in code reviews, debugging, and refactoring to improve code quality, reliability, and system efficiency.
- Assisted in designing RESTful APIs, database schemas, and modular components aligned with best architectural practices.
- Gained hands-on experience in CI/CD workflows, version control, and agile development processes.
- Actively involved in troubleshooting production issues and implementing performance optimizations.

Software Engineering Intern

Jan 2019 – Dec 2022

- Assisted in the design and implementation of secure APIs and database structures for client projects.
- Gained hands-on experience in breaking down complex technical problems into manageable tasks within an Agile development environment.
- Contributed to code reviews and daily stand-ups, effectively communicating progress to the engineering team.

EDUCATION

BSc(Hons) Computer Science (Reading)

Sep 2023 – Present

Informatics Institute of Technology (IIT), Affiliated with University of Westminster, UK

GCE Advanced Level – Physical Science

Jan 2019 – Dec 2022

St. Benedicts College – Colombo 13

GCE Ordinary Level

Jan 2009 – Dec 2018

Asian Grammar School – Gothatuwa New Town

TECHNICAL SKILLS

- Languages: C#, JavaScript, TypeScript, Python, Java, SQL.
- Frontend: React.js, Next.js, TailwindCSS.
- Backend: .NET Core, ASP.NET Web API, Entity Framework, Node.js, Springboot, Strapi (Headless CMS).
- Database: MSSQL, MySQL, PostgreSQL.
- Cloud & DevOps: Azure Services, CI/CD Pipelines, Git/GitHub.
- Concepts: Clean Architecture, Domain-Driven Design (DDD), RESTful APIs, Multimodal AI.

PROJECTS

Healthcare Application | Innovation Quotient Pvt Ltd

.NET Core | React.js | Azure | MSSQL

- Contributed to the development of a comprehensive health-tech platform, focusing on secure patient data management and scalable backend architecture.
- Developed and optimized RESTful APIs to ensure seamless communication between the frontend and the database.
- Collaborated with the QA team to implement rigorous testing protocols, ensuring compliance with health data standards.

OTT Streaming Platform | Innovation Quotient Pvt Ltd

.NET Core | React.js | Azure | MSSQL

- Engineered key components of a high-traffic Video-on-Demand (VOD) platform, ensuring low-latency streaming and high availability.
- Implemented user authentication and subscription management modules using secure identity protocols.
- Optimized database queries and API response times to handle concurrent user sessions effectively.

Package Delivery & Supply Chain System | Innovation Quotient Pvt Ltd

Next.js | TypeScript | Strapi | PostgreSQL

- Developed a high-performance web application for logistics tracking and supply chain management using Next.js and TypeScript.
- Integrated Strapi (Headless CMS) with PostgreSQL to manage real-time content and shipment data efficiently.
- Designed a library of custom, reusable React components, significantly reducing development time and ensuring UI consistency across the platform.

ACADEMIC QUALIFICATIONS

Machine Learning Specialization

DeepLearning.AI & Stanford University (Coursera)

- Instructor: Andrew Ng
- Mastered foundational AI concepts including Supervised Learning (Regression/Classification), Advanced Learning Algorithms (Neural Networks, Decision Trees), and Unsupervised Learning.
- Applied theory to build and train models using Python, TensorFlow, and scikit-learn.

University of Moratuwa (UOM)

- Web design for beginners
- Python for beginners
- Front-end web development
- Python Programming
- Server-side Web Programming
- Professional Practice in Software Development

AFFILIATIONS

Member of Leo Club of Kottawa Central Golden City (Omega)	2020 - 2021
Member of Leo Club of Asian Grammar School	2018 - 2019
